About Eureka Therapeutics, Inc:

Eureka Therapeutics is a privately-owned, VC-funded biotechnology company headquartered in Emeryville, California. The company is focused on the development of first-in-class T cells-based immunotherapy for blood and solid tumors. Eureka's primary technology includes a fully-human antibody discovery and antibody engineering platforms to target intracellular oncogenes via MHC I complexes. Eureka Therapeutics has ongoing partnership with Memorial Sloan Kettering Cancer Center and Novartis for novel cancer drug discovery and development. It has raised \$21 Million funding last year to expand its cancer immunotherapy pipeline and move its two leading cancer drug programs to clinical trials.
